# **Poll Questions: Your Experience With Data Systems**

---

Please answer the following poll questions:

**What is your role in tribal child welfare?**

**Have you participated in purchasing a  
data system before?**

**Did you watch Part 1 of this webinar series?**

# Chat Questions: Your Experience With Data Systems

---

Please share in chat:

**What are some challenges you anticipate when purchasing a new data system?**

# Chat Questions: Your Experience With Data Systems

---

Please share in chat:

**What is the most exciting thing about  
getting a new data system?**

# Chat Questions: Your Experience With Data Systems

---

Please share in chat:

**What benefits/outcomes do you want to see  
from a new data system?**

# Procuring a Tribal Child Welfare Data System

---

## How do you plan your budget for a data system?

- What are your tribal procurement policies and procedures?
- What are your funding sources? How can you get creative?
- What are the direct and indirect costs in a data system purchase?
- When is the best time to develop your budget?

# Procuring a Tribal Child Welfare Data System

---

## How do you find the right data system to meet your needs?

- What are the upfront requirements?
- What type of system is best for the needs of your program?
- What's the difference between a vendor scan and RFP?
- What approvals are needed to select a data system?
- How can you prepare for vendor demonstrations?

# Upcoming Webinars in Series

---
